Re: GCM Contracting Solutions, Inc. in Fort Myers, FL

To Whom It May Concern:

I am pleased to write this letter of recommendation for GCM Contracting Solutions, Inc. They recently successfully completed a project for us in Osprey, FL.

Being an out of state General Contractor new to this area, we were referred to GCM Contracting for our project needs. In the early stages of the project, GCM Contracting produced a highly detailed bid proposal that we were able to review. They also provided us with value engineering options that saved the owner money while still appeasing the Structural Engineer's requirements.

During construction GCM Contracting followed through with the same thoroughness and organization. Construction submittals were submitted promptly and accurately. We are pleased that the project was completed on time and within budget expectations.

I would recommend GCM Contracting Solutions and look forward to continuing to work with them on our future projects.

Sincerely,
